

Bouquet of Flowers Card Craft

You will need:

- Small colourful pieces of paper
- Glue
- Scissors
- 1 x colourful card
- (Optional) Felt tip pens
- (Optional) Print outs of our heart template

1) First, we need to get plenty of heart cut outs to be the flowers in our bouquet. Draw around the template provided and then cut around to make your heart flowers. This is a great activity to use up scrap pieces of colourful paper.

2) Alternatively, to cut out your heart shapes, get a small piece of colourful paper.

3) Fold this small piece of paper in half.

4) Then draw half a heart shape, with the fold line of the paper at the centre of the heart. It looks like a simplified ear shape. Then cut around the outline you have drawn through both layers of paper. Do **not** cut the fold line.

Bouquet of Flowers Card Craft

5) You will need plenty of hearts to make your bouquet.

6) If you have used plain paper for your heart cut outs, you may want to add interesting patterns to your hearts using felt tip pens. This step is optional.

7) Now, get the piece of paper or card you will be arranging your bouquet on and add the hearts. Practise arranging them until you think you have a nice bunch of flowers.

8) Next, you will need thin strips of green paper. These will be the stems of your heart flowers.

9) Trim the strips of paper to the length you need and arrange them so they come from the flowers and cross over at a point, like a bunch of flowers.

Bouquet of Flowers Card Craft

10) When you are happy with your arrangement, glue all of the snips of paper down. If you would like your heart flowers to be a bit 3D, fold them down the centre and then only add glue along the centre line. They will lift slightly from the paper like butterfly wings.

11) Then, use a few more snips of paper to add a line or a bow to the point where your green strips cross over. You can add some more decoration using felt tip pens if you would like.

12) Then just add your beautiful card design to the front of a folded piece of card. Now you just need to decide who to send your beautiful Valentine's day card to.
